## A puppeteer a ventriloquist

France Chevette is a puppeteer and ventriloquist with a wide variety of professional and artistic experiences! France began working in the theatre and then worked in puppetry with Paul Buissonneau for 7 years. After that, she worked as a puppeteer and comedian on television for two decades in several successful children's series including "Robin & Stella" where she played the role of Robin. During her stay at the Teatro ZinZanni in Seattle in 2000 to take over the role of her friend Francine Côté lead her to create her first clown character "Rose", an amazingly bold character and learned the art of ventriloquism. She pursued this new career, created other eccentric characters and became a ventriloquist!

**Madame and her Dog**  
An amazing ventriloquist act!

## A duo of comic ventriloquism

With irresistible humor, Chopin the Dog co-stars with his mistress Madame Rose and shows us the highs and lows of their tumultuous life together...

[Take a look at her video on Youtube !](#)

**Kasima**  
Burlesque et Blues

## Humoristic act for adults

The oversized puppet Kasima sheds her clothes with skill and humor, while singing the Blues, an hallucinating and comical act of seduction!  
(Some like it hot!)

### Lady Bird

Birds are all around us, therefore, do not be surprised to come across The Lady Bird, a beautiful oversized bird, in what will prove to be a rather unusual meeting... I invite you to step closer and let your imagination roam until you can speak to her. And who knows, maybe she will sing your name. Birdwatchers beware! And rest assured, she ventures beyond city limits. There is also *the Witch and her Cat* and also *Madame and her Dog* !

### Mme Bao & Cosma

Mme Bao & Cosma, our palm readers are two gypsies who humorously throw a new light on what life has written for you in the palm of your hand.

### Rosy

Rosy is the first of the clown characters that France created. This loony dishwasher, a woman whose only wish is to become a circus artist, will certainly entertain your guests by her simplicity and her poetry.

### Bobonne

This discrete maid, though somewhat confused yet full of goodwill, is determined to finish her work despite the arrival of your guests... She continues to do her work with perseverance and passion and will provide a festive atmosphere to your cocktail parties and special events.
